IP Transit | Colocation | Managed Infrastructure

## UnitedLayer Managed Server Solutions

As a specialist in providing infrastructure solutions, we provide a flexible platform for you to choose the level of management needed for your business.

**Desperate** - You know what you want and standard hardware technology will meet your business needs

**Monitored** - Our Desperate solution with some enhanced monitoring and installation services

**Basic Managed** - Your business focus is on developing an application -not managing the hardware

**United Managed** - Where you want to be. Rock solid production servers - managed 24x7 by UnitedLayer
